## EURAXESS BRAZIL

# Funding opportunities

Dear Colleagues,

EURAXESS Brazil Funding opportunities is a list of open calls to fund researchers' mobility, compiled by the EURAXESS Brazil team.

The information contained in this publication is intended for personal use only. It should not be taken in any way to reflect the views of the European Commission nor of the Delegation of the European Union to Brazil.

Please email [brazil@euraxess.net](mailto:brazil@euraxess.net) with any comments on this list, contributions you would like to make, if you think any other colleagues would be interested in receiving this document, or if you wish to unsubscribe.

Editors: Charlotte GRAWITZ, EURAXESS Brazil, Country Representative, Ingrid Le Van, Programme Officer

As you know, the new [EURAXESS Portal](#) brings new functionalities to researchers, entrepreneurs, universities and businesses. Amongst them, you will find a brand new [Funding database](#) allowing you to search for the funding programme you need for your mobility or research cooperation project. Funding organisations can publish their funding opportunities and scholarships in it to increase their visibility and reach the best candidates worldwide.

We will continue publishing a compilation of open calls to fund researchers' mobility and cooperation with European teams in the coming months to help you identify these opportunities easily. Nevertheless, the frequency may be reduced. This edition is valid for March and April.

The **grants & fellowships** listed below are funded by the European Commission, EU Member States or Brazilian authorities.

We hope this list will help you turn your interest in research mobility into a reality and stay at your disposal to discuss your project.

Your EURAXESS Brazil Team

#### International cooperation

**ALL H2020 calls are open to international and more specifically Brazilian participation.**

For more details on funding of applicants from non-EU countries, click [here](#).

# Grants & Fellowships

## 1 European Union

### 1.1 [Horizon 2020 – Work programme 2018-2020](#) and [List of calls particularly interesting for Brazil!](#)

The European Union's Horizon 2020 Work Programme 2018-2020, including preliminary information on all calls to be launched until 2020 has now been published. **SEE [HERE](#) FOR CALLS SPECIFICALLY OPEN TO BRAZIL.**

[Horizon 2020](#) is the EU funding programme for research and innovation running from 2014 to 2020 with a €80 billion budget. H2020 supports scientifically-excellent research, innovation, and technological development, through **collaborative research projects** as well as **grants and fellowships to individuals**. It is open to the world, so Brazilian researchers are very welcome to get involved.

**Horizon 2020** offers a large variety of funding opportunities for [research and innovation activities](#) through calls for proposals that are set out in the Horizon 2020 work programme. Access all open calls on the [Horizon 2020 Participant Portal](#) by entering the Topic ID of the call in the search engine (top-right corner of page).

The Brazilian National Council of State Funding Agencies ([CONFAP](#)) encourages the participation of Brazilian researchers under Horizon 2020 calls. Several FAPs ([FAPESP](#), [FAPESC](#), [FAPEG](#), [FAPEMIG](#), [FAPDF](#), [FAPES](#), [Fundação Araucária](#), [FUNDECT](#)) expressed interest in funding researchers from their states to support their participation in H2020 calls and published [guidelines](#) with instructions to this end.

### 1.2 [MSCA Co-Funding of regional, national and international programmes \(COFUND\)](#): Call expected on 12 April 2018

Aims to stimulate regional, national or international programmes to foster excellence in researchers' training, mobility and career development, spreading the best practices of Marie Skłodowska-Curie actions.

The COFUND call is open to European research (funding) institutions. **Brazilian organisations** can be partner organisations in a proposal. COFUND supports many high-quality fellowships or doctoral programme positions, which include transnational mobility.

**Brazilian researchers** can apply directly to COFUND positions advertised on the [EURAXESS job portal](#) throughout the year.

Deadline: **27 September 2018.**

The Marie Skłodowska-Curie Actions (MSCA) contribute to excellent research, boosting jobs, growth and investment by equipping researchers with the new knowledge, skills and international and intersectoral exposure to fill the top positions of tomorrow and solve current and future societal challenges.

Ms. Elisa Natola, CONFAP  
elisa.confap@gmail.com

### 1.3 [Marie Skłodowska-Curie Individual Fellowships \(IF\)](#) - call expected on 12 April 2018.

**IF** aims at supporting the international **mobility of researchers within** (European Fellowships) **and beyond Europe** (Global Fellowships) as well as helping to attract the best foreign researchers to work in the EU. The grant usually covers two years' salary, a mobility allowance, research costs and overheads for the host institution.

**WHO? experienced researchers of any nationality**, i.e. researchers holding a doctoral degree or at least four years' full-time research experience by the time of the call deadline.

Individual researchers submit proposals for funding in liaison with their planned host organisation. Proposals are judged on their research quality, the researcher's future career prospects, and the support offered by the host organisation.

**Researchers based in Brazil** can apply for a European fellowship to perform a research stay of up to 2 years in Europe, choosing to apply either for a re-integration grant, a scientific grant or a society & enterprise grant in the non-academic sector.

**Researchers based in Europe** can apply for a global fellowship to **carry out research in a third country such as Brazil** and return to Europe. They can also apply to a European fellowship for mobility within the [EU or associated countries](#) (EU/AC).

**Research institutions from Brazil** are eligible to host post-doctoral researchers coming from the European Union and Associated countries.

Deadline: **12 September 2018**.

### 1.4 [ERC Advanced Grants](#): Call expected on 17 May 2018

ERC Advanced Grants are long-term funding to pursue ground-breaking high-risk projects. They are designed to support excellent Principal Investigators at the career stage at which they are already established research leaders with a recognised track record of research achievements. This action is **open to researchers of any nationality** who intend to conduct their research activity in any European Member State or Associated Country.

The ERC's frontier research grants operate on a 'bottom-up' basis without predetermined priorities. The call applies to each of the three main research domains:

- Physical Sciences & Engineering
- Life Sciences
- Social Sciences & Humanities

**Eligibility:** any nationality, any age. Applicants must be leaders in their respective field(s) of research and must demonstrate significant achievement in the last 10 years

Location: research must be conducted in a public or private research organisation (known as a Host Institution/HI). It could be the HI where the applicant already works, or any other HI located in one of the EU [Member States](#) or [Associated Countries](#)

**Funding:** up to € 2.5 million per grant (up to € 3.5 million in some cases)

**European Research Council**  
Established by the European Commission

European Research Council (ERC) funding schemes are open to **top researchers of any nationality or age** who wish to carry out their **frontier research** in the **28 EU Member States** or **associated countries**.

Please also check out

- Our **focus on ERC** and what's in it for Brazilian researchers [here](#)

[ERC National Contact Point in Brazil:](#)

Prof. Moacyr MARTUCCI Jr  
55 11 3091 5626  
[mmartucc@usp.br](mailto:mmartucc@usp.br)

Find out about all the free services EURAXESS provides to researchers and employers. You can save time and money by using [more than 500 EURAXESS Centres and contact points](#) around Europe to help you with a range of issues including visa requirements, work regulations, taxation and social security.

**Duration:** up to 5 years

Sole evaluation criterion: scientific excellence of researcher and research proposal.

Deadline: **30 August 2018**. For more details on Advanced grants, see [ERC website](#)

**Important notice: Time to spend on the project**

Researchers applying for ERC-funding must be strongly committed to the project and spend a significant amount of time on it. However, it is not obligatory to spend 100% of your time in Europe whilst carrying out the ERC-funded research.

For Advanced Grants, the Principal Investigator should devote at least 30% of her/his working time to the ERC project and spend at least 50% of her/his total working time in a [EU Member State](#) or [Associated Country](#).

### 1.5 [EURAXESS Jobs](#)

There are currently **around 10489 research job positions** (all over Europe, but also in other countries such as in Brazil and in all disciplines) announced on the [EURAXESS Jobs database](#). Opportunities can be viewed by country, level of seniority, field or research or via free text searches.

Please note that these jobs also include **doctoral positions**, including those funded by the Marie Skłodowska Curie Actions (MSCA – ITN & Cofund) and by the European Research Council (ERC).

## 2 EU Member States and Associated Countries

### 2.1 National EURAXESS Portals

The latest information on open calls for national grants and fellowships in the 40 member countries of the EURAXESS network can be accessed on the respective **national EURAXESS portals**:

[Austria](#), [Belgium](#), [Bosnia-Herzegovina](#), [Bulgaria](#), [Croatia](#), [Cyprus](#), [Czech Republic](#), [Denmark](#), [Estonia](#), [Faroe Islands](#), [Finland](#), [France](#), [Macedonia](#), [Germany](#), [Greece](#), [Hungary](#), [Iceland](#), [Ireland](#), [Israel](#), [Italy](#), [Latvia](#), [Lithuania](#), [Luxembourg](#), [Malta](#), [Moldova](#), [Montenegro](#), [Netherlands](#), [Norway](#), [Poland](#), [Portugal](#), [Romania](#), [Serbia](#), [Slovakia](#), [Slovenia](#), [Spain](#), [Sweden](#), [Switzerland](#), [Turkey](#), [UK](#).

### 2.2 AUSTRIA (Austrian Academy of Sciences - ÖAW) – [PhD Fellowship programme including outgoing mobility](#)

The DOC Fellowship Programme of the Austrian Academy of Sciences offers funding for highly qualified doctoral candidates **from all nationalities and in all areas of research**. The fellowships in the amount of 38 000 Euros allow young researchers to dedicate themselves to working in focused fashion to complete their doctoral thesis within a clear timeframe.

Applications for a DOC Fellowship are open to **doctoral candidates of all ages** who:

- completed their Diploma or Master's degrees no more than two years ago,
- are writing their thesis at an Austrian university, and
- submit a project exposé and a reference from their doctoral supervisor.

OUTGOING PHASE : It is possible to arrange a stay abroad of up to 12 months in length within the framework of a DOC Fellowship.

There is **no deadline for submission**, applications can be submitted at any time and take six months to process.

### 2.3 BELGIUM - [Ph.D. Grant at Université Libre de Bruxelles \(ULB\)](#) (Incoming)

The department of Economic law, Centre of private law at Université Libre de Bruxelles offers a **full-time research grant for a 3 years period in order to write a Ph.D. thesis** (in English or French) on the general topic “Interactions between Intellectual Property Law (IP) and Artificial Intelligence (AI)”.

The first year of funding is considered “seed money”: it aims at giving the chosen candidate the possibility to further define his/her scientific project in order to obtain external funding beyond the initial 3 years period.

Duration: 1 year “seed money” grant (not renewable) followed by a 2 years grant (not renewable).

#### Eligibility

Applicants must hold a **Master Degree in Law** (120 Credits) or another degree deemed equivalent and fulfil the requirements of doctoral enrolment.

Deadline: **16 April 2018**

## 2.4 FRANCE - [Make our Planet Great Again 2018](#) (4 new funding schemes) (Incoming)

Make Our Planet Great Again is an initiative of the President of the Republic, Emmanuel Macron, launched on 1st June 2017 following the decision of the United States to leave the Paris Climate Agreement. It is a **call for researchers and students, entrepreneurs, associations and NGOs, students and all civil society** to mobilise and join France to lead the fight against global warming.

In order to better **help candidates to a Doctorate (PhD) or Post-Doctorate to find a host lab**, Campus France has opened a specific page (<https://doctorat.campusfrance.org/phd/offers/search/mopga/1>) listing offers on the subject "Make Our Planet Great Again": Climate science, energy transition and Earth system.

Candidates also have access to specific address: [cometofrance@campusfrance.org](mailto:cometofrance@campusfrance.org)

Four new programmes with the label "Make Our Planet Great Again" were launched in March 2018, supervised by Campus France and financed by the Ministry of Europe and Foreign Affairs (MEAE), and the Ministry of Higher Education, Research and Innovation (MESRI).

Three broad research themes are prioritised and are applicable to all 4 programmes: **Earth systems, climate change and sustainability, and the energy transition.**

### 1. A part-financing programme for PhD contracts:

About **20 PhD students** will receive financing for thesis starting in 2018.

Who may apply?

This call is open to French institutions of higher education and research, not to students in the first phase. The selected institutions will receive a co-financing subsidy of €50,000, payable over three years, to recruit and support a non-French doctoral candidate with a work contract.

Selection of doctoral candidates

Doctoral candidates will be selected by the supported French institutions.

To be eligible, students must possess a **master's degree** or be enrolled in a master-level programme, **must not be French nationals**, and must not have resided in France after April 1, 2016.

Candidates may be of **any age**. The doctoral contract must take effect no later than 31 December 2018, with a minimum gross monthly remuneration of €1 758.

NOTE : International candidates: You do not need to apply at this stage. Applications will open on 4 June 2018.

### 2. A part-financing programme of post-PhD contracts:

**20 to 40 post-PhD students** will receive financing for stays starting in 2018.

Who may apply?

Foreign researchers holding a **doctoral degree** are encouraged to respond to this call for proposals.

Candidates must include with their application a letter from a French host institution agreeing to co-finance the candidate's research.

Institutions hosting the selected researchers will receive co-financing in the amount of €2 083 per month to support the candidates' research over a period. The postdoctoral contract must take effect no later than 31 December 2018.

Eligibility

Candidates of **any age** with a **doctoral degree** or expect to receive the degree by 30 June 2018. They must not be French nationals and must not have resided in France after 1 April 2016.

### 3. A research short stay programme:

Mobility financing from **14 days to 5 months for PhD students or researchers in France**. At least 40 mobilities financed for stays solely in 2018.

Who may apply?

**Foreign research scientists are encouraged** to respond to this call for proposals. Candidates must include with their application a letter from a host institution in France.

#### Eligibility

Candidates must possess or be working toward a doctoral degree and must be covered by an active research agreement or contract.

**They must not be French nationals**, and must not have resided in France after 1 April 2016. Candidates may be of **any age**.

The period of research in France must take place between 1 August and 31 December 2018.

#### 4. A programme of excellence scholarships

Up to 1 060€/months for students who want to come for 2 years in Masters or a year in Masters 2 (degree equivalent to the grade of Masters'): about 50 scholarships in 2018.

#### Who may apply?

**International students of any age** may apply for support for one or two years of study toward a master's degree by including in their application a letter of admission to a master's programme (first or second year) at a French institution of higher education.

#### Eligibility:

Students must possess or be pursuing a French licence or an equivalent undergraduate degree (Bachelor), **must not be French nationals**, and must not have resided in France after 1 April 2016.

They must enroll in the master's programme before 15 October 2018.

#### Funding:

Round-trip airfare will also be provided, as well as medical insurance and an annual lump-sum payment of €700 for educational expenses.

Deadline : **6 April 2018** for all programmes, except PhD applications: 30 March 2018

Find **many other calls** funded by the European Commission, Member states and associated countries and Brazil in the [still open section](#) below.

## 2.5 FRANCE - [PREFALC call for projects 2018 between France, Latin America, & the Caribbean](#)

PREFALC is a university cooperation scheme aimed at developing exchanges and training opportunities between French, Latin American and / or Caribbean higher education institutions. It helps to support the mobility of lecturer-researchers for the realisation of seminars and training modules at master level. These modules must be clearly integrated into French, Latin American and Caribbean masters degrees and allow European Credit Transfer and Accumulation System (ECTS) credits or a recognition of periods of study.

### WHAT IS FUNDED:

PREFALC offers co-financing for 2-year projects of up to € 25 000 and up to 40% of the total budget of a project.

### RESEARCH FIELDS:

Agronomic and ecological sciences, physical and chemical sciences; Humanities and social sciences, digital humanities; Medical sciences, human biology; Mathematical Sciences ; Earth and universe sciences; Information and communication sciences; Engineering Sciences.

### DURATION:

**2 Years**

### ELIGIBILITY:

**Eligible projects must include a French higher education institution (or a network of institutions) and at least two higher education institutions from different Latin American or Caribbean countries.**

Deadline: **29 April 2018**

## 2.6 FRANCE – [PHD scholarship at University of Lille \(Incoming\)](#)

Project title: Surface characterisation of catalysts for sustainable development using high-field (DNP)-NMR

A **three-year PhD position** in solid-state NMR spectroscopy of catalysts is available at the University of Lille, Lille, France. It can start from July 2018.

This project aims at developing and applying novel solid-state NMR methods to probe the local environment of quadrupolar nuclei at the surface of heterogeneous catalysts. The structural information obtained by solid-state NMR will be useful to improve the performances of these heterogeneous catalysts.

### Eligibility:

National and **international students** who have graduated in physics or chemistry, preferably with a background in material sciences or NMR spectroscopy.

Deadline: **15 June 2018**

## 2.7 GERMANY - [German Chancellor Fellowships for tomorrow's Leaders \(Incoming\)](#)

The Alexander von Humboldt Foundation offers prospective leaders from **Brazil**, China, India, Russia and the USA the opportunity to conduct a project as guests of the partner of their choice in Germany.

With the support of their hosts, fellows can spend a year concentrating on a project they have chosen themselves and give their career a boost. German Chancellor Fellowships are open to an array of sectors such as **politics, economics, the media, administration and culture**.

Deadline to submit application: **15 September 2018**.

The [GSO Leadership Academy](#) is a joint project of German Scholars Organisation with Fraunhofer Society, Helmholtz Association of German Research Centres, Max Planck Society, and Klaus Tschira Foundation. Associated Partners are the Center for Science Management (ZWM), the Association of Technical Universities (TU9), and the German Association of University Professors and Lecturers.

## 2.8 GERMANY - [GSO Leadership Academy for Scientists and Researchers \(Incoming\)](#)

Are you a young **German-speaking scientist or researcher** and are about to take the next step in your career? Are you interested in pursuing a career in Germany?

The programme is designed to give 25 full scholarships to **25 outstanding researchers of all disciplines and all nationalities** who are about to take the next step in their career – as a junior group leader in science or industry, as assistance or full professor, as founder of a start-up or as someone taking responsibility in a research-related organisation.

In two intensive five day training phases that blend self-assessment, interactive group workshops, case studies, videos, and lectures with individual mentoring and coaching, participants will be able to develop the skills they need for the next big step in their careers. They will gain a better understanding of their personal approach to leadership, experience what it means to model leadership in research-related environments, and learn how they can further push their personal development. As a group they will motivate and surprise each other and forge essential professional bonds with each other and with key players in their field.

You can apply [here](#). Get inspired by the experiences of our Fellows from the Academy 2016/2017 [here](#). Contact: Dr. Anne Schreiter, German Scholars Organization e.V., [academy@gsonet.org](mailto:academy@gsonet.org)

Deadline: **27 May 2018**

## 2.9 ICELAND - [The Icelandic Research Fund \(IRF\): postdoctoral fellowship grant \(Incoming\)](#)

The purpose of the **postdoctoral fellowship grant** is to help young research scientists to develop their academic careers. The applicant must explain how the fellowship fits with previous work of the applicant, how it will enhance his/her career development, and provide information about future research plans after the grant period. If the grant recipient accepts another position during the grant period, the grant payments will be terminated at the start date of the new position.

Research field:

- Formal sciences
- Humanities
- Natural sciences
- Applied sciences
- Social sciences

Funding

The grant from the IRF may fund up to 100% of the total project cost. Approved expenses from the Icelandic research fund include: Salaries, operational expenses, travel expenses, contracted services, overhead expenses and facilities.

Duration

The maximum grant amount for projects is ISK 24 million for a 36-month project (approx. EUR 193 000), ISK 16 million for a 24 month project (approx. EUR 129 000), and ISK 8 million for a 12-month project (approx. EUR 64 000),

### Eligibility

The eligible applicant must have obtained an invitation from a host institution, preferably different from the institution awarding the doctoral degree, prior to the submission deadline. Applicants for postdoctoral fellowships must have been awarded a doctoral degree within the past seven years before the grant application deadline.

Deadline: **15 June 2018**

### 2.10 ITALY - [EURAC Federal Scholar In Residence \(Incoming\)](#)

The programme funds a research stay of up to 3 weeks at the Institute for Comparative Federalism of the European Academy of Bolzano/Bozen (EURAC); Aims at weaving experts and their networks in order to develop and advance comparative federal and regional studies.

This annual programme welcomes applications from scholars and practitioners in federalism, regionalism and intergovernmental relations.

Deadline of submission: **1 July 2018**

### 2.11 ITALY - [Fondazione IRCCS Istituto Nazionale dei Tumori: Inflow of foreign researchers](#) (Incoming)

This international mobility programme is meant to be an essential tool for professional development throughout the stages of a researcher's career and aims at facilitating training, the acquisition and development of new skills, and a process of knowledge transfer in the fields of **experimental, translational and clinical research**.

Funding for short-term visits (3-6 months) of foreign researchers to Istituto Nazionale dei Tumori (INT)'s Units: a maximum monthly reimbursement of € 2500 is granted for travel and accommodation.

Deadline : **Applications are accepted at any time.**

### 2.12 ITALY (Università di Pavia) - [CICOPS Scholarships 2018](#) (Incoming, short-term)

WHAT? CICOPS scholarships are foreseen for research collaboration in the **short period** in order to encourage the mobility of researcher from developing countries.

10 scholarships will be awarded to visiting scholars for the year 2019 for a period of stay of 4 to 12 weeks at the University of Pavia.

WHO? Academics and other researchers from Developing Countries – including Brazil and other Latin American and Caribbean countries - who wish to carry out research in collaboration with a professor at the **University of Pavia** are welcome to apply.

Applicants must have the support of a collaborator at the University of Pavia who invites them with a formal invitation letter.

Applicants must have at least **two years of either teaching experience or activity in international organisations and institutions**. Applicants enrolled in a Doctoral or Postgraduate Course at an Italian University are not eligible to apply.

Deadline: **31 May 2018**

**eurac**  
research

## 2.13 ITALY - [University of Torino - Tech4Culture PhD programme \(Incoming\)](#)

PhD Technology Driven Sciences: Technologies for Cultural Heritage (Tech4Culture) is a new **doctoral programme** in technologies applied to Cultural Heritage.

Tech4Culture PhD Programme aims at building up the next generation of Cultural Heritage professionals able to develop technological solutions and services for the restoration, the protection, the diagnostics and the valorisation of cultural heritage in academia and in non-academic fields.

The First Call for Applications will assign up to **10 fellowships** to incoming mobility early stage researchers. (A second Call will be published in March 2019.)

Duration: 3 years

Why apply?

You will have the opportunity of developing your own PhD research project with a joint supervision (academic and non-academic), while receiving excellent scientific training, training in soft skills and increasing your expertise through national and international short-term visits and secondment opportunities.

Eligibility:

Early-stage researchers (not holding a PhD) of **any nationality, including Brazilians**, complying with the MSCA-COFUND mobility rule.

Deadline: **23 April 2018**

## 2.14 ITALY (Raffles Milano) - [20 Masters scholarships \(Incoming\)](#)

In order to stimulate young talents to carry on with their studies in premium institutes, Raffles Milano Institute of **Fashion and Design** is giving away 20 Scholarships for its Masters (ranging from **Fashion, design, photography to Architecture**) starting in the 2018/2019 Academic Year.

Please note these are partial scholarships which will be given out based on an evaluation of the candidates' dossiers by the Course Leaders and lecturers of each Master:

- 10 partial scholarships for each Master covering **50% of the tuition fee**, not including the enrollment fee
- 10 partial scholarships for each Master covering **25% of the tuition fee**, not including the enrollment fee.

Deadline: **30 May 2018**

## 2.15 MALTA - [Scholarships in Climate Action offered by the Government of Malta for Postgraduate Studies at the University of Malta \(Incoming\)](#)

The government of Malta is financing **3 scholarships for masters** of science by research at the University of Malta in three climate-change related pathways: mitigation of climate change and the development of a low carbon economy; identifying risks and vulnerability to adapt to climate change and enhance resilience; good governance of climate change.

Tech4Culture is an interdisciplinary and intersectoral doctoral programme funded by the H2020 MSCA-COFUND scheme and the banking foundation Compagnia di San Paolo.

UNIVERSITY OF MALTA  
L-Università ta' Malta

The scholarships are open to applicants and residents from [UNFCCC Non-Annex I countries](#), including **Brazil and all countries of the Latin America and Caribbean region (LAC)**.

Deadline: **25 May 2018**

## 2.16 NETHERLANDS - [World Citizen Talent Scholarship for International Students](#) (Incoming, Masters)

Three scholarships each worth EUR 5 000 are available to **prospective master's degree students**. The Hague University of **Applied Sciences** is seeking young, intelligent, talented and ambitious people who view themselves as citizens of the world.

Field(s) of study: [Eligible Masters Programme](#) offered at the University

Target group: **Students from outside The Netherlands and who don't live in the Netherlands.**

Eligibility:

- Enrolling for the first time at The Hague University of Applied Sciences.
- Have never applied for this scholarship before.
- Have been conditionally accepted as a student (also-called offer of student position) on or before 1 May for the upcoming academic year.

Deadline: **31 March 2018**

## 2.17 NETHERLANDS ([KNAW](#)) - [Evert Willem Beth Foundation: funding for research and symposiums](#)

The Royal Netherlands Academy of Arts and Sciences (KNAW) Evert Willem Beth Foundation funds some research and symposiums in the following disciplines: **modern logic, philosophy of science, history of logic, history of the philosophy of science and scientific philosophy** in general.

Students as well as researchers can apply. **Continuous application.**

## 2.18 NORWAY - [InternAbroad](#) (Outgoing)

InternAbroad is a pilot initiative supporting Norwegian higher education institutions that aim to establish the structures, routines and networks necessary for providing internship opportunities for **students they send abroad.**

KONINKLIJKE NEDERLANDSE  
AKADEMIE VAN WETENSCHAPPEN

InternAbroad is a pilot initiative developed by SIU and supported by [Innovation Norway](#).

Innovation Norway Innovation Norway is the Norwegian Government's most important instrument for innovation and development of Norwegian enterprises and industry.

The objective is **to increase the number of students from Norway who do a credit-yielding internship or work placement abroad**, where they get practical experience in a job, enhance intercultural competencies and language skills, and acquaint themselves with work environments and business cultures in a foreign country.

**DURATION:** Projects may be awarded for a two-year period

**FUNDING:** **Norwegian Higher educational institutions** may apply for NOK 300 000 (approx. € 32 000) in funding for a two-year project. Funding can be used for development, travel costs, student scholarships and other relevant costs.

The internships may be undertaken in any form of business or organisation, whether it is small or large, private or public, for-profit or non-profit. **Eligible host organisations include, but are not limited to, companies, government departments and agencies, embassies, hospitals, schools, kinder gardens, NGOs and research institutes.**

Partner countries

In the pilot phase, the funds for InternAbroad are pooled together from UTFORSK and the Partnership Program with North America. The internships must therefore take place in one or more of the partner countries of these programmes: **Brazil**, China, India, Japan, Russia, South Africa, Canada or USA

Deadline : **25 September 2018**

## 2.19POLAND – “Polish Returns” [Polish National Agency for Academic Exchange \(NAWA\) \(Incoming\)](#)

To enable Polish scientists to return to their country and take up employment in Polish higher education institutions or research units. The programme will create optimal conditions for Returning Scientists to conduct in Poland world-class research.

Funding:

- remuneration of the Returning Scientist (for a period of 36-48 months) along with employer costs;
- remuneration for two members of the Project Group (for a period of 36-48 months) along with employer costs;
- costs of relocation and adaptation of the workplace.

The task of the Returning Scientist is to create his own Project Group and apply for grants to Polish and international research funding institutions, as well as to conduct and disseminate research results in renowned scientific journals or to conduct development/implementation work. As part of projects financed in the programme, the Applicants plan research activities to be carried out during the project.

#### Eligibility:

- Polish citizenship;
- hold a **PhD degree** at the time of submitting the application
- returns to the country after at least two years of documented employment at a higher education institution abroad / at a research or scientific institute / at a research department of a foreign enterprise based outside of Poland;
- conducted research, didactic or other scientific activity during his/her stay outside Poland for at least two full years (in the period counted from the beginning of 2014).
- The two-year period since the Returning Scientist's departure from Poland must end no later than on 31 May 2018.

Deadline: **31 May 2018**

### 2.20 PORTUGAL - [Grants for Sabbatical Leave](#) (outgoing)

BOLSAS DE LICENÇA SABÁTICA (BSAB) Grants by Fundação para a Ciência e a Tecnologia (FCT) are designed for **holders of doctoral degrees on sabbatical leave for the purpose of carrying out research at foreign universities**.

**All research fields and nationalities are eligible.** Candidates must first obtain authorisation for the sabbatical leave from the institution to which they are contractually bound. Monthly allowance of EUR 750 (2014), length 3 months – 1 year.

Deadline: **The call is ongoing.**

### 2.21 Slovak Republic – [incoming / outgoing sandwich scholarships in all areas](#)

The National Scholarship Programme of the Slovak Republic (NSP) supports **two-way mobility of PhD students, university teachers, researchers and artists** at higher education institutions and research organisations. Candidates must hold an Admission/Invitation letter.

Incoming stays can last **1 to 10 months** at higher education institutions and research organisations in Slovakia. Open to **researchers from all over the world**.

Outgoing stays vary from **1 to 10 months** for PhD students and **3 to 6 months** for postdoctoral researchers

It offers scholarships to cover living costs during the stay and travel allowances (all categories in case of scholarship holders from Slovakia; students and PhD students in case of international scholarship holders).

Deadline: **30 April 2018**; 31 October 2018 (Two calls per year)

## 2.22 SWITZERLAND - [Friedrich Miescher Institute for Biomedical Research, International PhD Programme, Spring Call 2018](#) (Incoming)

### Friedrich Miescher Institute for Biomedical Research

The Friedrich Miescher Institute for Biomedical Research, affiliated with the Novartis Institutes for BioMedical Research and the University of Basel, operates at the interface between academic research and biomedical applications. Hence, students not only acquire fundamental research skills, using cutting-edge approaches, but also learn to consider the biomedical applications of their discoveries.

The FMI International PhD Programme offers advanced, interdisciplinary training in **epigenetics, neurobiology, and quantitative biology** on a wide variety of topics.

**PhD students** admitted to the programme pursue research projects developed together with their Group leader, with support from the FMI technology platforms in, for example, imaging, genomics or bioinformatics. Numerous theoretical and practical training programmes are available both at the FMI and at the University of Basel, and the Basel/Zurich life science community provides exceptional local opportunities for further scientific interactions.

#### Funding

Selected candidates receive **full fellowships with social benefits** and are awarded with funds to participate in scientific meetings or for the acquisition of a laptop.

#### Duration

A course of study at the FMI leading to a **PhD degree** of the University of Basel typically lasts **4 years**

#### Eligibility

Applicants must hold, or anticipate receiving before enrollment, a university degree that would formally qualify them to enter a PhD or equivalent program in their home country (**MSc., Diploma, DEA** etc.).

Deadline: **1 May 2018**

## 2.23 UK – [The Royal Society's International Collaboration Awards](#) (Incoming)

As part of the Global Challenge Research Fund (GCRF), the Royal Society has launched an award to enable outstanding **UK research leaders to develop international collaborations with the best leading researchers from around the world**, to work on some of the **global challenges and problems facing developing countries**.

Duration:

#### Up to three years

The objectives of these challenge awards are to:

- Support the development of sustainable collaborative partnerships between outstanding researchers in the UK and the best research groups in developing countries to generate new approaches to the most significant and complex problems faced by developing countries
- Strengthen research capacity in developing countries through collaboration, sharing of knowledge and skills and exchange of staff between research groups in the UK and their partners in developing countries.
- Attract outstanding international scientists from developing countries and their teams to work with the UK's best universities and research institutions.
- Support the research of the best UK scientists working in fields relevant to the Global Challenges to formulate new approaches to global development problems.

The proposed research must fall within the remit of the Royal Society (the **natural sciences including engineering**). The Royal Society does not cover social sciences or clinical medical research.

Eligibility:

The **UK applicant and overseas co-applicant** must both be research leaders of international standing with an established track record in their field of research, and typically have a **minimum of 8 years of active post-PhD** research experience.

Deadline: **3 May 2018**

### 2.24UK – [University of Cardiff Ursula Henriques Scholarship](#) (Incoming)

The Professor URQ Henriques Scholarship Fund supports **postgraduate students**. Now in its 16th year, the legacy rotates annually between the **Schools of English, Communication and Philosophy, History, Archaeology and Religion, and Modern Languages**.

In 2018-19 the award is with the **School of English, Communication and Philosophy** and has been used to create on a competitive basis two one-year partial fee scholarships of £2 500 for postgraduate applicants holding an offer of a place on a PhD or MA programme in the School to commence in the academic year 2018-19.

Deadline: **31 May 2018**

### 2.25UK - [Leverhulme Trust Visiting Professorships](#) (Incoming)

The Leverhulme Trust Visiting Professorships are awarded to UK institutions that wish to **invite an eminent researcher from overseas** to enhance the knowledge and skills of academic staff or the student body within the host institution.

Applications in **all subject areas** are considered with the exception of clinical and pharmaceutical research.

The scheme covers maintenance, travel expenses and research costs. Visiting Professorships can last for 3 to 12 months.

WHO? Applications must be made by a member of academic staff, based in the UK. The host institution must agree to administer the grant, and to provide appropriate facilities for the Visiting Professor.

Deadline: **10 May 2018**

### 2.26UK - [Wellcome Intermediate Fellowships in Public Health and Tropical Medicine](#) (Incoming)

This scheme enables high-calibre, mid-career researchers from [low- and middle-income countries](#), **including Brazil**, to establish an independent research programme.

Research should be aimed at understanding and improving public health and tropical medicine of local, national and global relevance. Public health and tropical medicine cover a wide range of health problems, including communicable and non-communicable diseases.

CLICK ON THE [BLUE TITLES](#) FOR MORE INFORMATION

This fellowship is part of a series of career awards aimed at building sustainable capacity in areas of research that have the potential for increasing health benefits for people and their livestock in low- and middle-income countries.

Next deadline: **9 May 2018** (applications are twice a year)

## 2.27UK (Birkbeck University) – Incoming opportunities

### [2.27.1 2018 Santander Scholarships \(for students from Latin America, incoming\)](#)

In partnership with Santander, Birkbeck University offers various £5000 scholarships to students from Latin America who will be studying at either undergraduate or postgraduate level at Birkbeck during the 2018-2019 academic year. The £5000 scholarship will be applied towards course tuition fees.

How to apply:

Students must first submit an online application through the course web page. After receiving an unconditional offer, applicants must submit an essay of no more than 500 words to [international-office@bbk.ac.uk](mailto:international-office@bbk.ac.uk) with the subject line 'Santander Scholarship Application' answering the following question: Why are you the ideal candidate to receive the scholarship?

### [2.27.2 2018 Brazilian Scholarships, supported by Itaú \(Incoming\)](#)

Birkbeck has partnered with Itaú to offer two £2500 scholarships (as a reduction of course tuition fees) to students from Brazil who will be studying at Birkbeck during the 2018-2019 academic year.

Eligibility: Applicants **must have a Brazilian Passport** and have received an unconditional offer letter for a postgraduate or undergraduate course

How to apply: Once you have received an offer letter, please submit an essay of no more than 500 words to [international-office@bbk.ac.uk](mailto:international-office@bbk.ac.uk) answering the following question: Why are you the ideal candidate to receive the scholarship?

Notification of results: The successful candidates will be notified as soon as a decision has been made in June. Once notified, the successful applicant will have one week to accept the scholarship, or it will be offered to another qualified applicant.

### [2.27.3 Birkbeck International Merit Scholarships \(Incoming\)](#)

Birkbeck is offering a limited number of Merit Scholarships to suitably qualified students from Japan, Russia, South Korea, Turkey, **Latin America**, South-East Asia (ASEAN) and Taiwan.

Who may apply: students accepted onto one-year taught Master's degrees at Birkbeck, starting in September 2018.

Amount: £2500-£5000.

General: scholarships may not be held in conjunction with any other Birkbeck-funded/supported scholarship (eg Chevening), or where the fees are fully funded by other sources.

How to apply: once you have received an offer from Birkbeck, you must [email us an essay of no more than 500 words](#). The essay should detail why you are

the ideal candidate to receive the International Merit Scholarship. Recipients will be chosen based on a combination of academic merit and financial need.

Deadlines for all 3 calls: **1 June 2018**

## 2.28 PRIVATE (Bayer Science & Education Foundation)

### - [Incoming and outgoing fellowships](#)

The regular Bayer Fellowship Programme is geared toward **students and trainees in scientific, technical and medical disciplines**. It is open to applicants from German-speaking countries wishing to go abroad and **foreign applicants who want to go to Germany**.

The programme comprises the following areas:

- Otto Bayer Scholarship: life sciences
- Carl Duisberg Scholarship: medicine
- Jeff Schell Scholarship: agro sciences
- Kurt Hansen Scholarship: science teachers
- Hermann Strenger Scholarship: apprentices

**Deadline: 18 July 2018**

## 2.29 INTERNATIONAL - [TWAS-Lenovo Science Prize \(world-class achievements in Engineering Sciences\)](#)

The TWAS-Lenovo Science Prize will carry a monetary award of USD100 000 provided by Lenovo, as well as a medal and a certificate highlighting the recipient's major contributions to science.

Field :

During the second four-year cycle (2017-2020) the prize subjects will be: **Engineering Sciences (2018)**, Agricultural Sciences (2019), Social Sciences (2020).

Nominations :

Nominations are invited from **TWAS members, selected individuals, as well as from science academies, national research councils, universities and scientific institutions. Nominations of women scientists are particularly encouraged**. Self-nominations and nominations from jury members will not be accepted.

Eligibility :

Candidates must be nationals of a **developing country (Brazil, Argentina, Colombia, Chile and Mexico included)** and must have lived and worked in a developing country for the last 10 years. The prize will only be awarded to individuals for scientific research of outstanding international merit carried out at institutions in developing countries.

**Deadline: 16 April 2018**

The TWAS-Lenovo Science Prize is one of the most prestigious honours given to scientists from the developing world. In 2018 the prize will be given for outstanding achievements in Engineering Sciences.

## 3 Brazil

### 3.1 BRAZIL (CAPES) – FRANCE (COFECUB) [Call for projects 2018](#)

**COFECUB** is the French Committee for the Evaluation of Academic and Scientific Cooperation with Brazil.

This framework agreement of inter-universities cooperation aims at continuing high level exchanges by promoting the exchange of knowledge and high-level professionals in both countries.

CAPES equally co-finances short missions of researchers and scholars and finances in whole the Brazilian doctoral students' scholarships.

**Up to 30 proposals** will be selected to stimulate exchanges between higher education institutions and institutes and French or Brazilian Research and development institutes.

The programme is open **to all fields** and aims at establishing cooperation on a scientific joint project including doctoral training. Projects should last 4 years

#### ELIGIBILITY

- Applicants must be born in Brazil or naturalised, or foreigners with a permanent visa in Brazil,
- with a doctorate obtained in at least the last five years, with recognised competence in the sector and availability for academic and administrative activities related to the project.
- The project coordinator must be employed at a higher education institution and possess accreditation in a postgraduate programme, with a doctorate course recommended and recognised by Capes.
- The Brazilian team of the project should be composed of at least four PhD professors, including the coordinator

#### FUNDING

Depending on the length of stay. See table in full call details [here](#)

Deadline: **9 May 2018**

### 3.2 [BRAZIL \(CAPES\) –BRAFRAGRI call for projects for cooperation with France](#)

The programme provides funding for university partnerships around projects in the **agronomic, agrifood and veterinary sciences** related disciplines, exclusively at **undergraduate level**, to foster exchanges in both countries and stimulate the approximation of curricular structures, including mutual recognition of academic credits obtained at participating institutions.

#### 1. Work missions

Duration of benefit: between 7-20 days

Benefits:

- Daily allowance
  - Travel allowance
  - Health insurance
- #### 2. Study mission – “Sandwich graduation”

Duration of scholarship: Between 4-10 months

- Benefits:
- Monthly allowance
- Relocation assistance
- Health insurance
- Travel allowance

Duration of the project: 2 years (with the possibility of extension for another 2 years)

Deadline : **14 April 2018**

### 3.3 BRAZIL - Europe (H2020) - [Water JPI 2018 Joint Call Closing the Water Cycle Gap – Sustainable Management of Water Resources](#)

The Water JPI 2018 Joint Call's aim is to finance research projects focusing on Theme 5 of the Water JPI Strategic Research & Innovation Agenda (SRIA 2.0): "Closing the Water Cycle Gap – Sustainable Management of Water Resources". Through this initiative, the Water JPI aims at developing transnational collaborative research, development and innovation projects meeting water challenges faced by Europe and beyond, and supporting the implementation of EU water policies.

This call will cover the following themes:

- Enabling sustainable management of water resources; and
- Strengthening socio-economic approaches to water management
- Supporting Tools for Sustainable Integrated Management of Water Resources

The Water JPI 2018 Joint Call will be funded by 20 Funding Partner Organisations (FPOs) from the following 18 countries: Belgium, **Brazil**, Cyprus, Egypt, Estonia, Finland, France, Ireland, Italy, Israel, Netherlands, Norway, Poland, Romania, Spain, South Africa, Sweden and Tunisia, and with the support of the European Commission.

**As for Brazilian participation, all details are in the National Regulations of the call. CONFAP participates through 9 FAPs, namely:**

- |                       |           |
|-----------------------|-----------|
| 1. Fundação Araucária | 6. FAPESC |
| 2. FACEPE             | 7. FAPESP |
| 3. FAPDF              | 8. FUNCAP |
| 4. FAPEG              | 9. FAPESQ |
| 5. FAPES              |           |

The total estimated budget for this call for projects is 19,3 M€ including a Cofund from the European Commission of 5,9 M€. This call is for collaborative transnational research proposals.

Each consortium must be composed of eligible independent entities from a minimum of 3 countries with FPOs involved in the Call, including eligible entities from at least 2 EU Member States or H2020 framework programme Associated countries. Each research partner involved in a project must comply with the eligibility rules and criteria of its FPO.

Deadline: The first step of this call will close on **24 April 2018**, whereas the second step of this call will close on **18 September 2018**

### 3.4 BRAZIL (FAPESP) - BELGIUM ( FWO - Research Foundation Flanders) - [Bilateral Scientific Research Cooperation Projects](#)

Researchers from the State of São Paulo must consult FAPESP about their eligibility to this Call before starting the preparation of their proposals, until 1 May 2018 at the latest.

The São Paulo Research Foundation (FAPESP), Brazil, and the Research Foundation – Flanders (FWO) announce an initiative to fund joint collaborative proposals in **basic research** in **all fields of knowledge**.

Applicants are expected to propose a coherent research project, in which the added value of both the Flemish and Brazilian partner (State of São Paulo), and the complementarity of both teams, is clearly shown. The research should be carried out both in the State of São Paulo and Flanders.

Maximum duration of the project:

Up to 36 months. Please note that the project duration must be the same on both sides.

Scope of funding:

Proposals for bilateral research projects between researchers from Flanders and Brazil (State of São Paulo) can be submitted in **any scientific domain**, as long as it covers basic scientific research.

In order to be eligible, a proposal must involve both a Flemish principal investigator (PI) and a Brazilian PI (State of São Paulo).

Deadline: **1 June 2018**

### 3.5 BRAZIL (FAPESP) – GERMANY (BMBF) [2018 Call on Bioeconomy](#)

The aim of this call is to fund high quality research and development collaborative projects on **core bioeconomy issues**, by strengthening existing collaborations and establishing São Paulo-Germany bilateral partnerships under the following research topics:

- Sustainable agriculture;
- Food production (focus on sustainability of processes and materials, saving energy and reducing waste);
- Use/processing of sustainably produced biomass to make biobased products;
- Development of sustainable bioproducts.

Duration:

Up to 36 months

Eligibility

CLICK ON [BLUE TITLES](#)  
FOR MORE INFORMATION

**The proposals must be prepared jointly by São Paulo and German researchers.** In the State of São Paulo, Brazil, eligible applicants are researchers who comply with the Regular Research Awards (“Auxílio à Pesquisa Regular” - [www.fapesp.br/apr](http://www.fapesp.br/apr)) eligibility criteria.

In Germany, the call is open for any German proposers who comply with those criteria listed in the German “[Bekanntmachung Bioökonomie International 2017](#)” of BMBF.

Deadline: **16 April 2018**

### 3.6 BRAZIL – GERMANY: [Workshops for early career researchers from the State of São Paulo and the Free State of Bavaria](#)

The Bayerisches Hochschulzentrum für Lateinamerika (BAYLAT) and the Fundação de Amparo à Pesquisa do Estado de São Paulo (FAPESP) provide financial support to bring together from the Free State of Bavaria and the State of São Paulo a group of early-career researchers and PhD students to take part in two workshops, with a focus on building links, envisioning future collaborations as well as enhancing the researchers' career opportunities.

Topic: "Bavaria and São Paulo: the making of knowledge, science, arts - an entanglement perspective".

The first workshop will take place at the Universidade de São Paulo (USP) in October 2018, and the second in October of the following year, at the Katholische Universität Eichstätt-Ingolstadt (KU).

Eligibility:

**All participants must come from higher education or research institutions, either of Free State of Bavaria or the State of São Paulo.** Participants linked to institutions outside of the Free State of Bavaria and the State of São Paulo are not eligible. Early career researchers recruited to participate in the workshop must have a PhD obtained less than 10 years before the start of the workshop. PhD students must have their thesis defense scheduled up to 12 months after the start of the first workshop. Participants will need to demonstrate a sufficient standard of English language skills in order to participate in the workshops.

Deadline for paper submission: **15 June 2018**

### 3.7 BRAZIL (USP) – GERMANY (University of Münster) [Grant for a research stay at the University of Münster](#)

The Brazil Center of the University of Münster (WWU) offers interested researchers one grant for research stay at the University of Münster.

The exchange facility is part of the project [wwu.usp](#), which aims to set a strategic partnership with the University of São Paulo (USP) in Brazil and is supported by DAAD.

Who can apply?

Lecturers and post-docs of any area (except some technical areas, such as engineering, veterinary, design)

What can be funded?

Short visit/research stay at the WWU

The grant serves the direct contact for the discussion of bilateral cooperation projects with existing or future partners at the WWU

Duration of the funding: Up to 1 month

Value: Monthly benefit of 2 000 Euros (under 22 days: 89 Euro/day) and travel allowance of 1 250 Euros, according to DAAD allowance rules (No payments towards health, accident and personal liability insurance)

Deadline: **3 April 2018**

## 4 Calls still open

(Click on the blue links or see [previous EURAXESS Brazil lists of funding opportunities](#) for more details)

### 4.1 European Union

[European Innovation Council \(EIC\) Horizon Prize: Affordable High-Tech for Humanitarian Aid](#): **rewarding the best, proven, cost-effective, tech-based solutions for Humanitarian Aid** and will amount to **€5m**; **open to all legal entities** (i.e. natural or legal persons, including international organisations) or groups of legal entities. Deadline for registration of interest: **15 September 2019**

European University institute (EUI) - [Fernand Braudel Incoming Senior Fellowships](#) ; **up to ten months** in one of the EUI's four Departments which invite fellows to participate in departmental activities (seminars, workshops, colloquia, etc.). Deadlines: **30 March 2018 (Law, Economics)**; **30 September 2018 (Economics, History and Civilisation, Political & Social sciences)**

ERCIM – [Alain Bensoussan Fellowships](#): Fellowships for **PhD holders from all over the world** in **Computer Science, Information Technology, and Applied Mathematics**, 12 months in [one of the leading European Research Institutes which makes up part of the ERCIM network](#). Deadline: **30 April 2018**

European cooperation in Science and Technology (COST) [call for proposals to fund science and technology networks](#) with a duration of **four years** in **any science and technology field**, including Humanities and Social Sciences. Deadline: **20 April 2018**

[Erasmus+ Joint Master Degrees](#) (JMD) are offered by an **international consortium of higher education institutions**. Students from anywhere in the world at **master's level can apply for these degrees** and one of the approx. **15 student and 4 guest lecturers scholarships**. **Deadlines: various** (depending on each consortium's rules for application. Most consortia will require applications to be submitted between October and January, for courses starting the following academic year.)

[EMBO Long-Term Fellowships](#). Long-term fellowships for up to 2 years to support **post-doctoral research visits** to laboratories throughout Europe and the world. Deadline: **now accepted throughout the year**.

[European Respiratory Society \(ERS\) - Short-Term Research Training Fellowships](#) (Incoming): allow young scientists and clinicians to visit a host institution in Europe. Short term stays of 1-3 months are supported. All nationalities. Next deadline: **1 April 2018**

International Institute for Applied Systems Analysis [IIASA Postdoctoral Research programme](#) offers up to 2 years positions. Applications are accepted continually. Next deadline: **1 April 2018**.

### 4.2 EU Member States and Associated Countries

AUSTRIA – [Marietta Blau PhD Grant \(Outgoing\)](#): 6-12 months of a doctoral programme at Austrian universities in **Natural Sciences**.

Monthly grants of 1500 Euros; Next application deadline: **1 September 2018**.

AUSTRIA - [Institute of Science and Technology call for professors](#) for internationally accomplished scientists in all areas. Deadlines: **On-going for Professor applications**.

COST is an intergovernmental framework for European Cooperation in Science and Technology, supporting the coordination of nationally-funded research. It aims at reducing the fragmentation in European research investments and opening the European Research Area (ERA) to cooperation worldwide. It anticipates and complements the activities of the EU Framework Programmes.

EMBO offers the largest number of life science events in Europe. EMBO Courses & Workshops funds approximately 90 events attracting more than 11,000 participants every year.

The Erwin Schrödinger programme is co-funded by the European Union.

Wallonie - Bruxelles  
International.be

AUSTRIA - [Lise Meitner Programme for Scientists from Abroad](#). WHO: Highly qualified scientists of any discipline with an invitation from an Austrian research institution. Applications accepted continuously, **no application deadlines**.

AUSTRIA – [Erwin Schrödinger Outgoing Fellowship](#) (Outgoing) including a return phase. Post-doctoral fellowships at **leading foreign research institutions** for young and especially highly qualified post-doc scientists of any discipline. Applications accepted continuously, **no application deadlines**.

BELGIUM (Wallonie-Bruxelles) – **Incoming doctoral and postdoctoral scholarship for Excellence [IN.WBI](#) in a University of Wallonia-Brussels** in Transport and logistics; Mechanical engineering; Life sciences; Agro-industry; Aviation-space; Environmental technologies. Deadline: **1 May 2018; 1 October 2018**( short-term stays)

BELGIUM (Wallonie-Bruxelles) – **Outgoing doctoral and postdoctoral scholarship for Excellence [WBI.World](#)** to follow a **doctorate or postdoctorate programme** in a university abroad. Deadline: **1 May 2018; 1 October 2018**( short-term stays)

BELGIUM (Wallonie-Bruxelles) - [Ulysse incoming Mobility \(Incoming\)](#) For a highly qualified researcher to lead a research team at Wallonie-Bruxelles Federation (WBF) university. Employment contract for 3 years. Deadline: **rolling basis**.

BELGIUM (Wallonie-Bruxelles) - [F.R.S.-FNRS Post-doctoral temporary incoming fellowship\\*](#) (up to 3 years) for a non-Belgian PhD holder (with maximum 6 years of experience). Deadline: **rolling basis**

BELGIUM – [FWO outgoing mobility opportunities](#). Grants supporting international contacts between research groups.

- [Travel Grants for Short Stays Abroad \(Max. 1 month, outgoing\)](#)
- [Grant for participation in a conference abroad](#)
- [Grant for participation in a workshop or course abroad](#)
- [Travel Grants for Long Stays Abroad](#) (31 days to 12 months) for researchers affiliated with a university in the Flemish community or belong to the scientific staff (of the Dutch-speaking community) of a federal or Flemish scientific institute.

Deadline for all grants: **no later than 3 months prior to the departure date**.

BELGIUM (Flanders) - [Scholarships for incoming Master](#) . Full scholarships funded by VLIR-UOS to follow a training or Master programme at a Flemish university or university college. Applicants must apply to the [master programme of their choice](#), mentioning they also apply for a scholarship. Open to **national and resident of one of the 54 eligible countries** in Africa, Asia and Latin America, including Brazil. Deadline: depends on the Master programme.

DENMARK - [Danida Mobility Grants \(incoming\)](#) to facilitate research collaboration through research stays in Denmark by researchers (PhD holders) from the growth and transition countries included in the “Partnering with Denmark” programme, (incl. **Brazil, Colombia, Mexico**). No application deadline.

ESTONIA - [Mobilitas Plus Support for study visits and training abroad](#) for 100 researchers to attend international training events of both ETAg and its partners abroad. Deadline: **Continuous**

ESTONIA – [Dora Plus programme \(incoming / outgoing\)](#). **Outgoing**: Support to short-term study mobility for Master’s students and doctoral students from higher education institutions in Estonia. **Incoming**: Foreign Master’s students

and doctoral students for short-term teaching and research work in Estonia (1-10 months). Applications: **On-going**

FINLAND - [CIMO Fellowships](#). WHO? **Young doctoral level students and researchers from all countries and from all academic fields. No application deadline.**

FRANCE - [PRESTIGE Postdoc programme](#). Three mobility schemes aimed at fostering the international mobility of **post-doc researchers** complying with the Marie Curie Actions mobility rules. Call open all year long with four cut-off dates. The next ones are: **31 March 2018**, 30 June 2018, 30 September 2018

FRANCE – INRIA [The "Internships" Programme \(Incoming\)](#): Research training experience for students from all over the world; **Undergraduate, masters or PhD students** come and spend a few months in an Inria research team; **2-6 months** with fixed remuneration around **500€ per month**. Deadline: check on website

FRANCE – [15 Postdoctoral Fellowships on Biology and Information Technologies](#) open to all nationalities at the French Atomic and Alternative Energies Commission (CEA). **No specific application deadline**: The positions are open until they are filled by appropriate candidates.

FRANCE – [ENA Scholarships for short-term courses \(Incoming\)](#) The Embassy of France in Brazil provides **scholarships for the training of Brazilians** under the CISAP. Deadline: **two months before the start of each course**

FRANCE – [AXA Chairs](#)

funded Chair holders are expected to proactively engage with society. For institutions located within countries [where the AXA Group has insurance operations \(Brazil included\)](#) ; **€120 000** per year for 5 years. Deadline for requesting a slot : 27 April 2018; 24 October 2018 & **deadline for application submission : 13 June 2018; 22 November 2018**

FRANCE - [Centre National d'Etudes Spatiales \(CNES\)](#) PhD and post-doctoral grants (Incoming) in **science fields for engineers (orbital systems, space transport systems) and sciences using space assets** to young French and **foreign Master or PhD holders** interested in space activities. Deadline: **31 March 2018**

FRANCE - [Université Paris-Saclay International Master Scholarship Programme 2018-2019](#) (Incoming). Scholarships are awarded for 1 year to newly enrolled **Master's** students at Université Paris-Saclay (M1 or M2 level). **All academic fields**. Deadline: varying and depending on the Master taken. See details [here](#)

FRANCE – [Sciences Po Scholarships](#) (Incoming): The [Emile-Boutmy scholarship](#): for the very best international students from outside the European Union. Deadline: **26 April 2018** (Bachelors) & [Science Po PhD Scholarship](#) of 16 400 € per year for three years on the basis of excellence of the research project. Deadline: **14 May 2018**

GERMANY - [Doctoral scholarships from the Friedrich Naumann Foundation \(Incoming\)](#): For socially engaged doctoral students of **any nationality, in all disciplines and of any age**. Deadlines: **30 April 2018 and 31 October 2018**

The AXA Research Fund supports basic science dedicated to a better understanding of global risks related to: **Environmental risks, Life risks, Socio-economic risks, "The Fourth Industrial Revolution"**.

## SciencesPo

Sciences Po is an international research university, ranking among the world's finest institutions in the fields of humanities and social sciences.

Fraunhofer is Europe's largest application-oriented research organisation. Research efforts are geared entirely to people's needs: health, security, communication, energy and the environment.

Check out the **DAAD funding database** [here](#)! Here you can find information on various kinds of DAAD funding for foreign students, graduates and postdocs as well as on funding offered by [other selected organisations](#)

The current offers are published under [DLR-DAAD Fellowships - Current offers](#)

GERMANY - [Research grant Fraunhofer Attract \(Incoming\)](#) offering outstanding external scientists the opportunity to develop their ideas towards an actual application within an optimally equipped Fraunhofer institute operating close to the market; Funding: **€2,5 Million over 5 years**; Deadline: **2 October 2018**

GERMANY – [German funding to prepare applications under H2020 with partners from South America](#): Supports the participation of German applicants together with partners from **Argentina, Brazil, Chile, Colombia, Cuba, Mexico**, in the EU Research and Innovation Framework Programme Horizon 2020. It will involve funding for exploratory talks and networking of partners. Deadline: **21 December 2018**

GERMANY – [Falling Walls Fellowships for Science Journalists](#) (Incoming) to attend the Falling Walls Lab, Falling Walls Venture, the Falling Walls Conference as well as an additional programme in **Berlin around 8 and 9 November 2017**. Freelance and full-time journalists or bloggers can apply. Deadline : **24 June 2018**

GERMANY - [PhD at Berlin Mathematical School \(Incoming\)](#): doctoral programme. Late application deadline (limited number of scholarships available): **1 April 2018**.

GERMANY – [Development-Related Postgraduate Courses \(EPOS\) - DAAD](#): Scholarships for **foreign graduates from all disciplines** and with at least two years' professional experience to take a **postgraduate or Master's degree at a state or state-recognised German university**; Duration: **12 to 36 months**. Last deadline: **31 May 2018** )

GERMANY - [Friedrich Wilhelm Bessel Research Awards](#) of EUR 45 000 and up to one year cooperating on a long-term research project with specialist colleagues at a research institution in Germany by the Humboldt Foundation. **Rolling call for applications** with two reviews panels per year. In spring and autumn.

GERMANY – Incoming [Emmy Noether Programme\\*](#). WHO? **Outstanding postdocs/junior researchers** with 2 to 4 years postdoctoral experience. **No application deadlines**.

GERMANY – [Gerda Henkel Foundation](#) post-doctoral 1 to 24 months Research Scholarships in **humanities** to carry out an independent research project alone. Applications are welcome at **any time**.

GERMANY- [DAAD Reintegration of German scientists\\*](#) with the goal of reintegrating into the German scientific community after having spent at least 1 year abroad. Deadline depends on [current offers](#)

GERMANY - [DLR-DAAD Research Incoming Fellowships\\*](#) in the fields of Space, Aeronautics, Energy and Transportation Research open to **foreign doctoral and postdoctoral students** as well as **senior scientists**. **Deadlines depend** on the [current offers](#).

HUMBOLDT: note that for the time being, **researchers from Brazil** can only apply for a **Capes-Humboldt Research Fellowship** (see below, Brazil still open calls). For the duration of the joint Capes-Humboldt Programme it is not possible to apply for a Humboldt Research Fellowship.

GERMANY - **Humboldt INCOMING Fellowships\*** for researchers at different stages in their careers: - [Humboldt Incoming Research Fellowship for Postdoctoral Researchers \(6-24 months\)](#) for researchers from abroad who have completed their doctorate in the last four years; - [Humboldt INCOMING Research Fellowship for Experienced Researchers \(6-18 months research projects\)](#) for Assistant Professors or Junior Research Group Leaders from abroad who completed their doctorate less than twelve years ago; [Georg Forster Research Fellowship \(HERMES\) for Postdoctoral Researchers \(6-24 months research project\)](#) for **postdoctoral or experienced researchers** from [developing or transition countries](#) who have completed their doctorate in the last 4 (post-doc)/12 years (experienced researchers). Deadline: **any time during the year.**

IRELAND – [SFI incoming Research Professorship\\*](#) open to researchers in **academia or industry**. Applications on a **rolling basis**.

IRELAND - [Career-FIT: Career Development Fellowships in the National Technology Centre Programme \(Incoming\): Postdoctoral fellowship programme](#) for **experienced researchers from outside Ireland** to develop their careers in **market focused applied research** through **3 year fellowships with secondment into industry** through Ireland's Technology Centres. Deadline: **30 April 2018**

ITALY - [Calls for the Admission to 2018/19 PhD Programmes - Sant' Anna School of Advanced Studies](#): 65 positions for Ph.D. students from **around the world** in Biorobotics, Law, Human Rights and Global Politics, Economics, Management, Agrobiosciences, Agrobiodiversity, EDT. Deadlines : varying depending on the topics

NETHERLANDS - [NIAS Individual Fellowship – non-Dutch](#) (Incoming) for scholars with a non-Dutch affiliation, for **5 or 10 months** in **humanities and social sciences**. Fellows must have already made a considerable contribution to their field. **Open to all Latin American and Caribbean researchers (Brazilian included)**. Deadline: **15 April 2018**

NETHERLANDS - [Holland Scholarships](#) for Bachelor and Masters candidates (Incoming): For international students from outside the European Economic Area (EEA) who want to do their bachelor or master's in the Netherlands. Deadline: 1 May 2017 (depending on the host institution)

NETHERLANDS – NWO ASPASIA Programme linked to [Innovational Research Incentives Scheme Vidi and Vici](#). Aspasia is a grant linked to the Vidi and Vici competitive grant scheme. The highest performing female candidates in the NOW's Vidi and Vici rounds will be approached by NWO after the round if they are not yet an associate professor (in case of Vidi) or full professor (in case of Vici). **No deadline** nor application form.

NETHERLANDS – [NWO visitor's travel grant\\*](#) for **foreign senior researchers** to stay in the Netherlands for a maximum of **4 months**. **Continuous application**.

NORWAY – [The Research Council of Norway: Personal Visiting Researcher Grant](#) for international researchers with qualifications at the professor level. Deadline: **on-going**.

Curious about all scholarships available in the Netherlands? Check out the complete current opportunities list [here](#). You can filter the scholarships by your country of origin.

Foundation for Polish Science  
Check out current calls in  
Poland via the fNP [here](#)

Read our **Focus on Spain**  
[here](#) & Everything you need  
to know about research  
opportunities in Spain [here](#).

POLAND (Foundation for Polish Science) - [IDEAS FOR POLAND](#) for Winners of the “*ERC Starting Grants*” competition who intend to pursue scientific research in Poland. **Rolling basis**.

SPAIN – [Fundación Carolina fellowships for Ibero-American students \(incoming\)](#): 626 fellowships open to Ibero-American students to carry out part of **their post-graduation, PhD and post-doc studies** in Spain in **all research areas**. Also **24 fellowships available for Brazilians lecturers**. Deadlines: **7 April 2018**, for PhD, short-term stays and Brazilian and Portuguese lecturers.

SPAIN - [Attracting Talent Scholarships for Master's Degrees, University of Jaén](#) (incoming): **30 scholarships for international students** of excellence who wish to be enrolled in a **Master** programme at the University of Jaén . Deadline: **30 April 2018**

SPAIN - Extensive list of national, regional and private sector recruitment and funding opportunities for those looking for a research job or funding to carry out research in Spain.

SWITZERLAND (Swiss National Science Foundation - SNSF) – outgoing fellowships for Swiss nationals or permanent residents: [International Short Visits](#), fund incoming / outgoing short term mobility and small joint research project. **Continuous application**

TURKEY - [TÜBİTAK “2221” Fellowships for Visiting Scientists and Scientists on Sabbatical Leave](#) who would like to **give workshops/conferences/lectures, or conduct R&D activities in Turkey**. Three types of visits are granted within this programme: Short-term (up to 1 month), Long-term (up to 12 months) and Sabbatical Leave (from 3 months to 12 months). All types of grants cover monthly stipend and travel costs. Deadline : **rolling basis**.

UK (University of Leicester) - [International Postgraduate Research \(PGR\) Excellence Scholarship](#): The College of Social Sciences, Arts and Humanities offers eight International Excellence Scholarships of £15 000\* for September 2018 entry, to its Doctor of Philosophy (PhD) programmes. Deadline : **28 May 2018**

UK - Wellcome Trust [Doctoral studentships \(Incoming\)](#): **Humanities or social science doctoral degrees in any area of health**. Applicants must have sponsorship from an eligible host organisation in the UK, Republic of Ireland or a low, middle-income or upper-middle-income country and hold, or expect to hold, a relevant Master's degree. Deadline : **29 March 2018**

### 4.3 Brazil

BRAZIL (CNPq) – [New calendar of scholarships abroad](#) (Outgoing), including **Full Doctorate abroad (DGE); Post-Doctorate (PDE); Sandwich Doctorate (SWE); Senior Internship (ESN)**. All disciplines are considered. Next Deadline: **1 June 2018**

BRAZIL (CAPES) – FRANCE (French Ministry for Foreign Affairs) - [MATH-AmSud 2018](#) and [STIC-AmSud 2018](#): Aimed at researchers from **Argentina, Brazil, Chile, Colombia, Ecuador, Paraguay, Peru, Uruguay and Venezuela**, to strengthen collaboration and create networks in **mathematics (MATH-AmSud) and Information and Communication Science and Technology (STIC-AmSud)**, for **joint projects through the mobility of investigators**. Deadlines: **15 May 2018** to submit to the programme coordinators, **31 May 2018** to CAPES in Brazil; Other deadlines with national institutions may apply.

FAPESP - [SPRINT 1st call for Proposals 2018](#) to support the exchange of researchers with the following European institutions that hold cooperation agreements with FAPESP: [Leiden University](#), Netherlands; [University of Münster](#), Germany; [University of Warwick](#), England. Deadline: **30 April 2018**

**BRAZIL (FAPESP) – UK (BBSRC) joint funding of research:** applications for collaborative research proposals in **any area of science** that is within the remit of both BBSRC and FAPESP. Deadline: **24 April 2018**

BRAZIL (USP) - Call 806/2018 - Online Course of Portuguese for Foreigners - 1st semester 2018: **2000 vacancies directed to students from foreign institutions in undergraduate exchange and foreign postgraduate students.** Deadline: **30 June 2018**

BRAZIL – GERMANY 2nd call for cooperation in innovation : to encourage **Brazilian companies to form partnerships with German firms** to develop proposals for cooperation in research and development, in **any area**. Deadline: **31 May 2018**

BRAZIL - GERMANY Capes-Humboldt Research Fellowship (Incoming): **Exclusively for researchers from Brazil; All disciplines included; Up to 15 scholarships** for both postdoctoral researchers (6-24 months in Germany) and Experienced researchers (6-18 months in Germany). Next deadline: **31 May 2018**

BRAZIL CAPES PrInt Programme (Outgoing and domestic) : R\$ 300 million annually to support 40 institutional projects for internationalisation including **work missions abroad, scholarships in Brazil and abroad** and others. Open to Brazilian institutions. Deadline : **18 April 2018**

BRAZIL (FAPESP) – GERMANY (DFG) joint funding opportunities for research collaboration : **Joint Research Grants** to perform a **German-Brazilian research project** of up to three years; **Joint coordinated programmes**; such as “Research Training Groups”, “Research Units” as well as “Collaborative Research Centers”. Deadline for both grants : **rolling**.

FAPESP funds collaborative research under the Horizon 2020 (H2020) programme. Researchers eligible for funding by the São Paulo Research Foundation (FAPESP) can use the normal modes of funding offered by the foundation to support their participation in H2020 proposals under Thematic Project, Regular Project, and Young Investigator Award, to be chosen by the proposer. Deadline: any time by FAPESP, but following the deadlines for H2020 calls.

BRAZIL (FAPESP) - UK (BBSRC) – pump-priming awards for **new collaborations** between research groups in the State of São Paulo, Brazil and BBSRC funded research groups in the UK. Priority will be given to applications in the area of **food security and/or Bioenergy and Industrial Biotechnology**. Applications **must** be made by a Principle Investigator (PI) currently in receipt of BBSRC research funding. Deadline: **anytime**.

BRAZIL (FAPESP) - Research Internships Abroad (BEPE) to support **short and medium term research internships abroad** for recipients of FAPESP fellowships in the State of São Paulo. Deadline: **on-going**

BRAZIL (FAPESP) - Visiting Researcher Programme offers **full or partial support for the hosting of experienced investigators, associated with foreign research institutions** for a period from 2 weeks to a maximum period of 12 months. The visiting and host researchers must hold a PhD degree and have an outstanding record of scientific accomplishments. Proposals can be submitted at any time by investigators associated with higher education and research institutions in the State of São Paulo.

BRAZIL - Visiting professor programme at the Institute of Advanced Studies of the University of São Paulo (IEA/USP). Ongoing.

CLICK ON THE **BLUE TITLES** FOR MORE INFORMATION

FAPESP visiting researchers  
In 2014, 199 proposals received funding out of a total of 243 submissions evaluated.

If you would like FAPESP to assist you in finding a potential host in the State of São Paulo feel free to ask for information to Regina Oliveira, Science Manager, at [roliveira@fapesp.br](mailto:roliveira@fapesp.br).

### **FORTHCOMING:**

- FRANCE - [BRAFINITEC/BRAFAGRI](#): 2018 call launching soon
- [GERMANY - Postdoctoral Researchers International Mobility Experience \(P.R.I.M.E.\)](#) : call announced in **June 2018**
- GERMANY - [Anneliese Maier Research Award](#): opening in **Autumn 2018**
- FRANCE - Centre for Integrative Biology of Toulouse [International PhD programme](#) (Incoming): launching in **June 2018**
- GERMANY - [Sofja Kovalevskaja Award of the Alexander von Humboldt Foundation](#) (Incoming): call **launching in Spring 2018**
- POLAND - [Thesaurus Poloniae \(Incoming\)](#): call launching **1 May 2018**
- GERMANY - [Green Talent Awards in Sustainable Development](#). Competition Opens **9 April**
- [Baillet Latour Health Prize](#) – 2019, theme for upcoming call: Cardiovascular Diseases: Lanching in May 2018; planned deadline: **30 September 2018**
- [The Bio-Based Industries Joint Undertaking \(BBI JU\)](#) is a Public-Private Partnership between the European Union and the Bio-based Industries Consortium (BIC). Call expected to launch on **11 April 2018**

### **About EURAXESS Brazil**

EURAXESS Brazil is a networking tool for European researchers active/seeking activity in Brazil and for Brazilian researchers wishing to collaborate with and/or pursue a career in Europe.

EURAXESS Brazil provides information about research in Europe, European research policy, opportunities for research funding, for EU-Brazil and international collaboration and for trans-national mobility.

#### **Membership is free.**

To join the community register at: <http://bit.ly/ListaEURAXESSBrazil>.

EURAXESS Worldwide networks have thus far been launched in North America (USA & Canada) Japan, China, India, the ASEAN hub (encompassing Singapore, Thailand, Malaysia, Indonesia and Vietnam) and LAC (Brazil and other Latin American and Caribbean countries) .

## **EURAXESS Centres**

To better plan and organise their stay in a foreign European country, researchers and their families can also benefit from the free and personalised assistance offered by the [EURAXESS Centres](#), a network of more than 250 centres located in 40 different European countries.
