

07 January 2015

**Declaration of support for the principles of the European Commission's Recommendation
"The European Charter for Researchers" and "the Code of Conduct for the Recruitment of
Researchers"**

The **Centre for Cooperative Research in Biomaterials - CIC biomaGUNE** is a non-profit research organization promoted by the Basque Government to encourage scientific research and technological innovation related to biomaterials.

CIC biomaGUNE aims to contribute to the objectives of the European Research Strategy, by fostering the mobility of researchers and the Excellence at Science, and welcomes and supports the principles laid down in the European Commission's Recommendation of March 11, 2005.

CIC biomaGUNE is committed to contribute to the career development of the researchers in the field of biomaterials, according to the principles and recommendations of the *Charter* and the *Code of Conduct* and recognizing the importance of providing the best possible framework for researchers, while at the same time contributing to the development of the European Research Area.
