Vienna, 18 January 2016

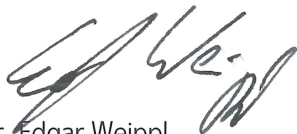

Declaration of Commitment to "The European Charter for Researchers" and "The Code of Conduct for the Recruitment of Researchers"

SBA Research, represented by Dr. Edgar Weippl and Mag. Markus Klemen, welcomes and supports the initiative of the European Commission and the recommendations given in "The European Charter for Researchers" and "The Code of Conduct for the Recruitment of Researchers".

Although we have many of these recommendations already in place, we will promote further implementations to support the work of researchers and to maintain and enhance the high quality of research.

SBA Research is funded by the Austrian government under the COMET initiative (Competence Centers for Excellent Technologies). The requirements for COMET funding include high quality standards and strict guidelines that ensure targeted and efficient research.

SBA Research is the largest research center in Austria which exclusively addresses information security. SBA Research cooperates with the best national higher education institutions and corporations as well as research institutions all over the world.
