No. 2/9-053 from 11.02.2014

**Declaration of Commitment
of the National Institute for Economic Research for Endorsement of
the European Charter of Researchers and
Code of Conduct for the Recruitment of Researchers**

The National Institute for Economic Research (NIER) represented by the director Prof. Alexandru STRATAN, welcomes the initiative of the European Commission to develop a European Researcher's Charter and Code of Conduct for the Recruitment of Researchers that will contribute to the development of a sustainable and attractive European labor market for researchers with the aim to contribute to the building of a European Research Area.

The NIER truly believes that the implementation of Charter&Code principles will facilitate our endeavors towards removing barriers to researcher's mobility and help to develop a better integrated European market for researchers.

In this regard, our institute commits to endorse the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers outlining the recruitment, working environment and overall conditions of research personnel.

Sincerely yours,

**Director of National Institute for
Economic Research**

Alexandru STRATAN, PhD
